Detailed Requirements & Findings

REQ-001

FUNCTIONAL (54.7%) SCORE: 100.0

The system shall respond within 2.0 seconds when the user checks account balance.

Sub-Scores: Clarity: 100.0 | Ambiguity: 100.0 | Testability: 100.0 | Readability: 100.0 | Structure: 100.0 | Consistency: 100.0

Flagged Issues (2):

[WARNING] CHECK_A_WEAK_TERM (Module: ambiguity) **— Status:** ACCEPTED

Subjective speed descriptor with no measurable latency or response time threshold.

Suggestion: Specify an explicit response time bound (e.g. 'within 200 ms').

Reviewer Decision: ACCEPT — *"Verified SLA requirement missing."* (2026-09-16 13:11)

[WARNING] CHECK_B_WEAK_MODAL (Module: ambiguity) **— Status:** EDITED

Weak modal verb 'should' conveys a desire or recommendation rather than a binding requirement.

Suggestion: Replace with 'shall' for system commitments or 'must' for user constraints.

Reviewer Decision: EDIT — *"Replaced 'should' with 'shall' and added quantitative SLA threshold."* (2026-09-16 13:11)
